This office action is responsive to the Amendment A filed October 10, 2006, the Supplemental Information Disclosure Statement filed October 16, 2006, and the Certified English Translation of the Foreign Priority Document filed November 13, 2006. Claims 1-35 are pending and presently under consideration in this application.

1. The rejection of claims 1-35 under 35 U.S.C. 102(e) over Tsuda et al. (U.S. Patent Application Publication No. 2004/0191428), as set forth in paragraph 2 of the first office action on the merits, is hereby withdrawn in view of applicants' submission of the certified English translation of their foreign priority document.
2. The rejection of claims 1-35 on the ground of nonstatutory obviousness-type double patenting over Tsuda et al. (U.S. Patent Application Publication No. 2004/0191428), as set forth in paragraph 4 of the first office action on the merits, is hereby withdrawn in view of applicants' submission of the timely filed proper Terminal Disclaimer.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-35 are rejected under 35 U.S.C. 102(b) as being anticipated by Japanese Patent No. 5-71821.

JP 5-71821 teaches a liquid crystal panel and corresponding method of manufacturing thereof, wherein said liquid crystal panel has a liquid crystal layer sandwiched between a pair of substrate, characterized in that said liquid crystal layer comprises a liquid crystal and a cross-linked resin, further characterized in that said cross-linked resin comprises a structural part and a terminal part.

5. Applicant's submission of an information disclosure statement under 37 CFR 1.97(c) with the fee set forth in 37 CFR 1.17(p) on October 16, 2006 prompted the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 609.04(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
